Lansdale Marine news

New Showroom opens at Birdham

Lansdale Marine is proud to open their new Flagship Showroom on the Main Road in Birdham.

Crescent Boats

With our new showroom opening we needed new products to complete our ranges. During our search we were lucky enough to find the beautifully built Swedish brand "Crescent". Crescent boats have been building boats for over 50 years and are very well respected in Scandinavia and Europe. With over 40 models in their range there is something for everyone.
